SUMMARY

Passionate and results driven **Web Developer** with hands on experience in real world projects and team based collaborations. Completed internships at **Tech Vikings** and **WebSquads**, contributing to dynamic property websites and **full stack development** tasks. Proficient in **HTML, CSS, JavaScript, PHP, MySQL**, and **GitHub**, with a strong focus on building responsive and high performing web interfaces. Skilled in **Laravel** and **Shopify** for modern **Web and E-commerce development**. Also well versed in **C++, OOP**, and development tools like **Visual Studio**, along with strong presentation skills using **MS Word, PowerPoint**.

TECHNICAL SKILLS

Full Stack Developer	PHP	Shopify(web & E-commerce)
HTML / CSS	Javascript	Interaction Design
Laravel	React	Responsive Design

PROFESSIONAL EXPERIENCE

PHP/Laravel Intern ML solutions-Faisalabad January 2024 to April 2024

News Website (PHP & MySQL)

Developed a dynamic News Portal Website with separate Admin and User panels using PHP, MySQL, HTML, CSS, and Bootstrap. Implemented complete CRUD operations for managing news articles, categories, and users.

- Admin Panel:** Secure login system, create/update/delete news posts, manage categories, and monitor registered users.
- User Panel:** User authentication (signup/login), browse and read categorized news, view details with images, and post comments.
- Database:** Designed relational schema in MySQL for efficient storage of news, categories, and user data.
- Features:** Responsive UI, session handling, role-based access, and dynamic content management.

TECH VIKINGS FAISALABAD-PAKISTAN (May 2024 to July 2024) Frontend Web Developer

- Collaborated on a full-featured property listing website using HTML, CSS, JavaScript, building responsive interfaces like home, login/signup, and category pages.
- Worked with version control tools (Git/GitHub) for team collaboration, code reviews, and updates while following clean coding practices and real-world workflows.
- Tested and debugged the application across browsers and devices to ensure a smooth, responsive user experience.
